- Stainless steel clips and fasteners sold separately
- See installation instructions for more details

All drawing dimensions supplied by Neptune-Benson, are for reference only. All drawings were created using AutoCAD file format (\*.dwg) and are presented as a service to our customers. Errors sometimes occur during this process and with software incompatibility upon opening a file. Neptune-Benson, and/or any authorized distributor of our products will not be held responsible for problems arising from files which have been converted and does not warranty the documents against deficiencies or typographical errors of any kind. We recommend that all measurements are verified with actual physical product before any custom fabrication in the field occurs.
